APPEAL AGAINST

Required field. Check one item only: for multiple appeals you must submit another Notice of Appeal.

Development Permit Conditions of Approval

I do hereby appeal the decision of the Subdivision/Development Authority for the following reasons [required]

The height of this development severely encroaches on quiet and personal privacy of our own back yard. People should not have access to look into our home, garage or yard. We bought our home 30 + years ago for its privacy. The balcony, and all windows of 3403 -m 48th Street proposed development face directly into our yard!!! As well, this development will devalue our property,. There MUST be a height restriction. Any windows, doors balconies should face into the properties owners at 3403 -3403 back yard and NOT ours! Whitehorn was and is an R-12 Zone. Your application form does not permit me to attached photos.

In order to assist the Board in scheduling, please answer the following questions to the best of your ability:

Estimated Presentation Time

Will you be using an agent/legal counsel? [required]

Unknown

Do you anticipate any preliminary issues with your appeal? (i.e. jurisdiction, parties status as affected persons, adjournment, etc.)? [required]

No

If yes, what are the issues?

Do you anticipate bringing any witnesses/experts to your hearing? [required]

Yes

If yes, how many will you be bringing?

I confirm and acknowledge that

- *I have read and understood this form;*
- *The information I have provided is accurate to the best of my knowledge; and*
- *I am responsible for paying the appeal fee and my notice of appeal will not be considered filed until my appeal fee has been received.*

Hello

Thank you for getting back to us .

The application references if we have more than one concern or explanation for submission

Either a full cancellation of this development or changes to design they are to be separate admissions ??

If we can discuss compromises in one session that is preferred.

As the design is now it severely encoaches on our quiet enjoyment and privacy .
The design encroaches on property lines , with eliminates a neighboring daylight -
as the extremely /excessive height blocks any sun.

The Subdivision and Development Appeal Board is in receipt of two Notices of Appeal (attached) and two fee payments on April 23, 2026. We note that both appeal filings have the same appellant last name, address, email, and telephone number. If you did not mean to file two separate appeals, you may proceed with one filing and withdraw the other (fee will

be refunded if withdrawn before the first hearing). Please let us know your directions.

Once the first appeal hearing has been scheduled to be heard by the Board, a formal Notice of Hearing will be provided. We encourage you to visit our website for information on preparing for an appeal hearing. Please reference your appeal number **SDAB2026-0065** in future correspondence. We were also requesting if you could provide us with a last name for our records so we can add it to the appeal.

Development Authority Appeal Response

Appeal Number: SDAB2026-0065

Development Permit Number: DP2026-00800

Address: 3408 48 ST NE

Description: New: Accessory Residential Building (garage), Backyard Suite (above garage)

Land Use: Residential – Grade-Oriented Infill (R-CG) District

Community: Whitehorn

Identified Appeal Body: Subdivision and Development Appeal Board (SDAB)

Development Authority Attendance: No

Use: Discretionary

Notice Posted: Completed as per Bylaw

Public Response(s) Received? Yes, responses included in the Board Report

Applicable Planning Policies:

- Backyard Suites How-to Guide (the Guide)
- Policy to Guide Discretion for Secondary Suites and Backyard Suites (the Policy)

Bylaw Relaxations:

The development requires the following Land Use Bylaw relaxations:

Bylaw Discrepancies		
Regulation	Standard	Provided
345 Accessory Residential Building	(4) The area of a parcel covered by all Accessory Residential Buildings located on a parcel: (ii) 75.0m ² for each Dwelling Unit located on the parcel;	Plans indicate an Accessory Residential Building area of 89.42m ² (+14.4m ²).
	(5) The maximum floor area of a Backyard Suite, excluding any area covered by stairways and internal landings not exceeding 2.5m ² , is 75m ² .	Plans indicate a suite area of 76.6m ² (+1.6m ²).

Additional Factors, Considerations, and/or Rationale:

1. The use of Accessory Residential Building (garage), Backyard Suite (above garage) is a discretionary use in the R-CG District
2. In rendering their decision the Development Authority applied Sections 35 and 36 of the Land Use Bylaw.
3. The proposed development is located on a mid-block parcel and has a gravel rear lane. The proposed development is a backyard suite located over a detached rear garage. The garage is accessed from the rear lane, and the suite is accessed by exterior stairs on the south side of the development to the rear yard of the parcel.
4. The proposed development complies with the following policies of the *Backyard Suites How-to Guide*:
 - The Building Placement is at the rear of the parcel, off the lane. This is in line with the detached garages on the adjacent parcels.
 - The building maintains a sloped roof that minimizes the shadowing of the proposed development.
 - The height and massing of the proposed development includes a sloped roof and articulations in the façade to reduce the overall massing and reduce the impact of the building.
 - Windows on the side facades are either obscured or located higher on the wall to reduce the potential for overlooking. Windows and the balcony are located on the façade facing the lane, which is consistent with this policy.
5. The proposed development complies with the following policies of the *Policy to Guide Discretion for Secondary Suites and Backyard Suites*:
 - C.1.(b. c. d. & f.): The balcony for the Backyard Suite is oriented towards the lane. Privacy screening has been provided to mitigate potential overlooking.

- C.1.e.: Windows are primarily located to look onto the lane. Windows with potential for overlooking are obscured or set high in the wall.
 - C.1.h.: The massing of the development has been moderated using a sloped roof and articulated facades.
6. The area of the suite and the garage were relaxed. The location of the building is such that it is in line with other detached garages, and the massing is at the rear of the parcel. The area of the suite is less than the garage such that the upper floor massing of the building appears to be reduced and mitigate the impact of the development's area.
 7. The Development Authority may provide additional materials prior to the merits meeting.

Dear Applicant:

RE: Notification of Decision: DP2026-00800

Subject: New: Accessory Residential Building (garage), Backyard Suite (above garage)

Address: 3403 48 ST NE

This is your notification of decision by the Development Authority to approve the above noted application on April 9, 2026.

Read all of the Permanent Conditions of approval carefully as they form part of the approval decision. Advisory Comments, if applicable, are also attached and are intended to be of assistance in obtaining additional permits and supplementary information for the successful completion of your development.

Development approved by this permit must commence by April 9, 2028 or the development permit shall cease to be valid. The decision will be advertised beginning April 16, 2026 at www.calgary.ca/publicnotices, which is the start of the mandatory 21-day appeal period. This appeal period will conclude at midnight May 7, 2026. Release of the permit will occur within 2-4 business days following the conclusion of the appeal period and upon receipt of all Prior to Release requirements.

If you wish to appeal, submit your appeal with reasons and the \$200.00 filing fee to the Subdivision and Development Appeal Board within 21 days of this notice of decision being given. The appeal may be filed online at www.calgarysdab.ca or in person or by mail.

Please note that this letter is to advise you of the conditions of approval, the mandatory advertising appeal period and the timeframe in which you may appeal this decision. If no appeals have been filed during the appeal period, your Development Permit will be released. Should you require clarification of the above or further information, please contact me at (368) 886-5543 or by email at ashlie.goble@calgary.ca and assist me by quoting the Development Permit number.

Yours truly,

Ashlie Goble

Advisory Comments

The following advisory comments are provided as a courtesy to the Applicant and registered property owner. The comments represent some, but not all of the requirements contained in the Land Use Bylaw that must be complied with as part of this approval.

Planning

4. The Applicant may appeal the decision of the Development Authority, including any of the conditions of the development permit. If you decide to file an appeal, please refer to the notification of decision letter for the appropriate appeal body and appeal process.
5. The approval of this development permit does not limit in any way the application of any federal, provincial, or municipal law, policy, code, regulation, bylaw, and/or guideline, nor does it constitute any permit or permission under any federal, provincial, or municipal law, policy, code, regulation, bylaw, and/or guideline.
6. In addition to this development permit, building permits may also be required. Building permit applications may be submitted upon approval of the associated development permit. Contact Building Regulations at 403-268-5311 for further information.
7. All plumbing services including sanitary, storm and water must be verified onsite by the owner and/or builder to ensure the size and location is compliant with the National Plumbing Code of Canada for the number of fixtures being installed. The waterline must be of the size that is indicated on the grade slip, but in no case smaller than 1 in size.
8. There are many types of caveats and other agreements that can be registered on the title of the property that can restrict the ability to develop. The City has not reviewed or considered all instruments registered on the title to this property. Property owners must evaluate whether this development is in compliance with any documents registered on title.

1. Are there public trees on the City lands within six meters of and/or overhanging the development site? Yes No

If you answered yes, ensure all trees identified are shown on the submitted plans.

Note: if you are not sure how to determine which trees are yours and which are public, you can:

- Use the [City's tree map](#) (may not be up to date for your property)
- Contact 3-1-1 to put in a "development tree inquiry" to get confirmation from an Urban Forester
- Send inquiries to tree.protection@calgary.ca

2. Who will be submitting the Tree Protection Plan for this development?

Applicant Owner Builder Other:

If Other: Name: Mohammad Lethy Phone: [REDACTED]

Email: info@arcdesign.group

The Tree Protection Plan must be submitted directly to Urban Forestry at tree.protection@Calgary.ca following the [Tree Protection Plan Guidelines](#).

Dear Applicant:

RE: Detailed Review (DR)

Development Permit Number: DP2026-00800

Based on the plans received, your application has been reviewed in order to determine compliance with the Land Use Bylaw and applicable City policies. Any variance from the Land Use Bylaw or City policies may require further discussion or revision prior to a decision being rendered.

The City endeavors to render decisions on applications within specific service standards. Please assist us in meeting these targets by ensuring your resubmission is complete and made in a timely manner. Please submit a digital set of the amended plan, in PDF format, along with a detailed response letter on how each of the Prior to Decision and/or Prior to Release conditions have been addressed and/or resolved.

This information must be received, in its entirety, no later than April 16, 2026. If a complete submission is not received by this date, the development permit may be inactivated and subject to a reactivation fee. If the development permit application is not reactivated, it may be cancelled by Administration as per Land Use Bylaw 1P2007, Section 41.1. If you require additional time to respond to the conditions outlined in this Detailed Review document, please let me know by contacting me.

Should you have any questions or concerns, please contact me at (368) 886-5543 or by email at ashlie.goble@calgary.ca.

Sincerely,

ASHLIE GOBLE
Senior Planning Technician

General Comments

The proposed development permit for a Backyard Suite at 3403 48 ST NE has been through an initial review. The proposal as submitted requires some adjustments to align with the bylaw requirements and policy for a backyard suite.

Notice Posting:

The site was posted for a period of 1 week. There were a few comments submitted raising concerns over a variety of items. The primary concerns are privacy for the adjacent parcels, parking, and how the suite will be serviced.

Circulation: This application was circulated to the following parties:

- Ward Councillor – No comments received
- Community Association – No comments received
- Enmax – No conflict
- Building Regulations – No Comments received. If any changes are required due to building code requirements, it is the responsibility of the applicant to reapply for any new permits that may be required

Bylaw Review:

A complete bylaw review of the proposed development noted bylaw discrepancies that will need to be addressed prior to a decision being made. Please see the bylaw discrepancies table below.

Bylaw Discrepancies		
Regulation	Standard	Provided
340 Balconies	(1) Unless otherwise referenced in this Part, an open balcony must not project more than 1.85m from the building façade to which it is attached.	Plans indicate if treated as open, the balcony depth is 2.04m (+0.19m) from its furthest façade. Amend the drawings as noted in the prior to decision requirements.
345 Accessory Residential Building	(6) The height of an Accessory Residential Building must not exceed: (b) 3.0m at any eaveline, when measured from the finished floor of the building	Plans indicate an eaveline height of 3.05m (+0.05m) Supported provided the requested amendments are made.
	(4) The area of a parcel covered by all Accessory Residential Buildings located on a parcel: (ii) 75.0m ² for each Dwelling Unit located on the parcel;	Plans indicate an Accessory Residential Building area of 87.66m ² (+12.66m ²) Supported provided the requested amendments are made.
352 Backyard Suite	(5) The maximum floor area of a Backyard Suite, excluding any area covered by stairways and internal landings not exceeding 2.5m ² , is 75m ² .	Plans indicate a suite area of 75.07m ² (+0.07m ²) Supported provided the requested amendments are made.
	(8) A Backyard Suite may include a balcony where the balcony: (a) projects from a façade that faces a property line shared with a lane or a street; or	Plans indicate an oversize landing/balcony within the South setback shared with another parcel. Amend the drawings as noted in the prior to decision requirements.
	(b) includes a privacy wall that screens the balcony from a property line shared with a parcel designated with low density residential district where: (i) the balcony is setback less than 4.0m from the shared property line	Plans do not indicate a privacy wall has been provided on the North elevation where the balcony is within 4.0m of a neighboring parcel. Amend the drawings as noted in the prior to decision requirements.

Prior to Decision Requirements

The following issues must be addressed by the Applicant through a written submission and amended plans prior to a decision by the Approving Authority:

Track your application on-line with VISTA. Go to: www.calgary.ca/vista and enter your JOB ACCESS CODE (JAC) from the application form or call Planning Services Counter at (403) 268-5311.

Planning

1. Submit a complete set of the amended plans, by email in PDF format, to the Senior Planning Technician. The submitted plans must address the requirements listed in this document. Ensure that all plans affected by the revisions are amended accordingly.
2. The development, as proposed, is not supported for the following reasons:
 - Please revise the balcony to comply with the projection of 1.85m from the building facade of which it is attached.
 - Please revise the balcony on the side to comply with section 352(8) of the bylaw.
 - Please provide a privacy wall or some sort of screening on the north side of the balcony.

Indicate, in writing, the manner in which the application will proceed:

(A) Request **cancellation** of the application. Any applicable fee refund will be determined at the time of cancellation.

(B) **Pursue** the application, as proposed, with a decision of refusal by the Development Authority. The refusal will be based on the comments listed above.

OR

(C) **Amend** the application to address all prior to decision conditions of this detailed review (DR).

If option (C) is pursued, the last day to respond to the detailed review is thirty days from the date the detailed review was issued (see cover page of detailed review for exact date).

Permanent Conditions

The following permanent conditions shall apply:

Planning

3. The development shall be completed in its entirety, in accordance with the approved plans and conditions. The stamped and signed plans are a legal document.
4. No changes to the approved plans shall take place unless authorized by the Development Authority. If changes to the development occur or are proposed, a new development permit or revised plan application may be required.
5. A development completion permit must be issued for the development before the use is commenced or the development occupied. A development completion permit is independent from the requirements of City of Calgary Building Regulations inspections and permission for occupancy. Request a development completion permit inspection by visiting inspections.calgary.ca or call 403-268-5311.

Advisory Comments

The following advisory comments are provided as a courtesy to the Applicant and registered property owner. The comments represent some, but not all of the requirements contained in the Land Use Bylaw that must be complied with as part of this approval.

Planning

6. The Applicant may appeal the decision of the Development Authority, including any of the conditions of the development permit. If you decide to file an appeal, please refer to the notification of decision letter for the appropriate appeal body and appeal process.
7. The approval of this development permit does not limit in any way the application of any federal, provincial, or municipal law, policy, code, regulation, bylaw, and/or guideline, nor does it constitute any permit or permission under any federal, provincial, or municipal law, policy, code, regulation, bylaw, and/or guideline.
8. In addition to this development permit, building permits may also be required. Building permit applications may be submitted upon approval of the associated development permit. Contact Building Regulations at 403-268-5311 for further information.
9. All plumbing services including sanitary, storm and water must be verified onsite by the owner and/or builder to ensure the size and location is compliant with the National Plumbing Code of Canada for the number of fixtures being installed. The waterline must be of the size that is indicated on the grade slip, but in no case smaller than 1 in size.
10. There are many types of caveats and other agreements that can be registered on the title of the property that can restrict the ability to develop. The City has not reviewed or considered all instruments registered on the title to this property. Property owners must evaluate whether this development is in compliance with any documents registered on title.

Hi Mohammed,

Thanks for sending those through. It looks like all the deficiencies have been address except for one.

The stairwell/ Landing on the south side of the backyard suite isn't an allowable projection. To confirm to the detailed review, it needs to have a 1.2-meter side setback. If the setback is less than 4.0 meters, then it needs a privacy wall (which has already been provided). This can be confirmed by referencing section 352(8) of the land use bylaw. If you can revise the plans to make this comply, I will then be able to move the permit forward.

Hi Mohammed,

Thanks for sending those drawings through. However, it appears they are not consistent throughout the drawing set. For example, the setback to the line of the balcony should have changed on the lane side, you have indicated a privacy wall on the north side of the balcony on the plans, but it is not shown on the respective elevations, and nothing seems to of been done to the balcony on the side (please clarify if this was intentional).

Please revise the drawings to show what will be proposed consistently amongst all the drawings and send them back at your earliest convenience.

File No: DP2026-00800
Location: 3403 48 ST NE

ENMAX Power Corporation (EPC) has reviewed the above permit application dated 2026-02-23 and based on the information provided and as of the above noted date the proposed development does not conflict with ENMAX facilities in respect of the requirements set forth in 10-002 Overhead System (Table 7) and 12-002 Underground Systems of the Alberta Electrical Utility Code (AEUC) under the *Safety Codes Act* (Alberta). This non-conflict letter does not reduce or limit responsibility to comply with all laws and regulations regarding utility facilities and all requirements under the *Alberta Occupational Health & Safety Act* (OHS) (including any code or regulations thereunder)(OHS) and the applicant shall observe all such laws and regulations when commencing any work related to the permit application. If a situation arises where there is a discrepancy between ENMAX required setbacks and the AEUC or the OHS, the stricter set of requirements shall govern. Please refer to ENMAX Ground Disturbance Guidelines while working near ENMAX Facilities.

Pursuant to Section 225(1) of Part 17 of the *OHS Code*, anyone working near overhead powerlines must maintain safe limits of approach as provided in Schedule 4, Table 1 of the *OHS Code* or Table 1 in the *AEUC*. Anyone excavating must contact Utilities Safety Partners for locations of all buried facilities. All contractors, prime or sub (excavating company) must contact hotdigs@enmax.com to obtain a permission letter prior to disturbing the ground within 2 metres of any ENMAX underground facility. As a condition of this no-conflict letter, and despite any existence of a permit, the applicant must contact EPC Lineinspection@enmax.com or call (403) 514-3117 prior to the commencement of any construction where any workers or equipment will be within 7.0m of existing overhead EPC facilities. If EPC is contacted in accordance with the above, no construction work shall be commenced thereafter unless and until EPC determines the minimum safe limit of approach distance in relation to the overhead facilities present at the project site.

****NOTE:** This letter provided by ENMAX Power Corporation is intended for information purposes only and is not in any manner intended to nor shall be construed to derogate from applicant's obligations to follow any applicable law. The provision of this no-conflict letter is not a representation that work will meet any legislative or regulatory obligations. This no-conflict letter is provided as of the date first note above – the applicant is still required to perform their own due diligence prior to any development activities and resolve any conflicts (new or existing) at the Developer's sole expense. ENMAX expressly disclaims any liability related to applicant's responsibility to comply with such laws and regulations and ENMAX's required setbacks.

If you require any additional information regarding this Development Permit, please contact the Project Administrator at EPC_Permits@enmax.com. **For new services inquiries, please contact ENMAX GetConnected at GetConnected@enmax.com.**

Area of Concern

Building (massing, façade, height, shadowing, etc.)
 Parking or loading zones
 Privacy considerations

General Comment

Concerned as a back neighbour about the height of this new development. Windows, doors, and patio will overlook our backyard.
 Also, parking concerns for the back lane. Street parking in the area is at a max already and new development will likely bring vehicles parked in the back lane where waste bins are to be set out for collection. City waste trucks will not have room to maneuver if back lane is used for parking, as will be the case if developments like these continue to be permitted. If development is permitted, please look into parking regulations for back lane.
