Week 3 (July 28-Aug7)

**Improve or Change**

- Everything
- Make the pool deeper
- Library section
- Indoor arena
- Have fun in the water park
- Bike path down the hill
- Roller coaster
- I think it could use a deeper pool
- There should be basketball courts and indoor games during winter time
- Free wifi
- Please deal with the people who litter
- We want to have fun here
- It's a bad decision to ask people in summer time for ideas, in fact construction of pool should happen in winter time so that people could enjoy summer
- Cafeteria, Tim Hortons
- Skate park site in the pool, Tim Hortons
- Cafeteria, food, Tim Hortons coffee, Mcdonalds too be here for refreshments
- Add more picnic huts, put in BBQs, put shade over picnic tables
- Without a park make it a fun place like Calaway park
- Put a slide in the pool, a good one
- Make it deeper with a slide and video games huts
- Make the pool bigger
- Hurry up and build the spray park
- More picnic table and BBQ grills
- Clean out the pool often
- Put basketball court
- Clean litter more
- Make this side of the park (north side) more fun
- There should be basketball court and indoor games during winter time
- I think it could use a deeper pool
- Pool: clean the water
- A theatre would be a nice break for everyone
- Bike path down the hill
- Free wifi
- More picnic tables and BBQ grills
- Flowers
- Food stands
- Free wifi
- Make the pool water cleaner

- More parks for all ages
- Water slide
- Deep pool
- Fun
- I would like a much deeper pool for older people and a water slide
- Sell more food
- Clean the pool
- clean the pool and the washrooms
- I love the pathways, very clear to walk on
- Place to get food + deeper pool
- Water fountain
- Shower houses and a deep pool for the big kids and shallow pool for little ones
- Water should be a little deeper and water slides
- Add Cod
- Splash park
- Deeper pool
- Water slides would be good
- Utilize the large mountain (slide maybe?)
- Maybe slides on hill=more people, toiler bowl for sure
- An area for ages 11-13 in the pool and another area for little kids
- Hate shallow area
- Look to Chestermere for precedents
- Put deep pool, remain free
- Pool and washroom should be cleaned properly
- Deep pool for all ages
- Water slides for all ages would be amazing
- I would make PWP better by adding a water fountain
- Make it longer and bigger and the pool cleaner, deeper pool
- Make the playground better, make the pool better add slides
- I would make the pool better by adding a slide, make it deeper, clean out
- Tennis courts need upgrade
- We want a big slide and big swimming pool
- Basketball court
- Water fountain
- Basketball court
- Basketball court
- Water slide and more soccer fields
- Water fountain absolutely
- Revitalize current play area, replace warped board planks + paint slides or replace new play area
- Workout area e.g. yoga, tai chi, pull up bars, etc.
- Water slide
- Skate park

- Basketball court
- Please put a drinking water facility
- Basketball court
- More swings and slides
- Free live stage
- Hill and pool
- Hurry up with spray park
- Pizza shak
- Stop littering yeah
- Bball court
- Basketball court
- Basketball court
- Volleyball court, deeper pool
- Have little food and drink station
- Basketball court
- Deeper pool
- Water park, make it bigger
- Make pool deeper and a slide
- A better park
- Hot tub
- Have a soccer net
- Free wifi
- Fire pits, soccer field, deeper swimming pool,
- Soccer field

- Nice children's park, good topography
- Picnic table
- Picnic table
- I like everything because it is pretty
- I love coming here
- Love this park, the look is awesome, and the round swing is the best. My kids love it

- I like this part here (51.103, -113.97) but need more washrooms
- We like the rubber like floor on the playground, safe even for every small child
- I like this swing
- Pool
- Pool
- I like the garbage trash
- Swimming pool
- Swimming pool
- Love the shield
- Like the soccer field
- I like the survey, getting thoughts and reactions from people
- Kids play area (they love sliding and math activities)

### **Improve or Change**

- Benches
- Basketball and volleyball court
- More trees please
- If possible the floor in the tennis wall area can be smooth finished because the ball hardly bounces on the pebbles
- Chairs and tables for picnic
- More garden/flowers
- A park, bathrooms, swimming pool, toys, a tree, songs
- You should have a special event anywhere in the park like games for kids
- More flowers please
- BBQ bins
- More picnic tables please
- More washrooms (south side)
- Walking path +colour
- More tables + benches
- Another washroom on this area please
- Another washroom on the southside
- More space for parking lot
- Construction of a basketball court
- The park needs more stuff like a glider
- Pool need to be bigger and deeper
- Pool is not deep. That's the only problem w/ PWP
- More benches in shadow area and some heating spots for winter too
- More water fountains around soccer field
- Hope there is basketball here
- More picnic shelter
- Can plant more shady trees (big) in the park
- Need washrooms

- I love these pots through-out the park
- More washrooms are needed
- Need water in the little stream
- Get water running again
- Add water under the bridge
- Where is the water
- Add a bike park
- Need more flowers
- Need more trees
- More picnic tables and outdoor workout area
- Why are gates locked
- It would be nice to have water flowing under these bridges if City has the budget
- We need adult pool
- More water fountains around soccer field
- Need more soccer field

### Texting Feedback

- 587-968-6330: Running water in the stream
- 587-223-5215: Soccer nets please
- 403-918-7171: Please make a concrete, permanent skate board park at prairie winds like Chestermere!
- 587-899-7369: I wish it was legal to slackline in the park.
- 403-618-2695: Can we have a new tennis court in prairie winds park? Or maybe repair the existing one? And have hockey rink at the back of the park, the open space close to the baseball field? And more washroom? Thanks, Rico.
- 403-700-7504: Prairie winds park needs assisted change rooms. There's nowhere for single parents with opposite sex kids (ie mom and son) to get changed.

- 403-466-4652: Hi I like Prairiewinds, u guys kept it nice and clean, the best place in the park is the hill and water park thanks

### Fluid Survey Responses

#### **Like Most**

- the pool
- the big area to have picnics, the splash park, the playground for kids and the wading pool
- I like that the park is completely wheelchair accessible. I like playing OSIEAU Agent of nature there.
- The size and the pool
- That there is a playground, splash park and wading pool in the same location!!
- I really enjoyed the park and my 2 children did as well. The two sections for different aged children were a good idea
- The water park
- The wading pool the playground the trails looking forward to new splash area
- Free access to a child friendly and child safe pool, one that they can actually swim in as opposed to a spray park
- The wading pool
- Splash park and path and picnic shelters
- The green space and pathways. Great parks
- The numbers of things to do. The swim parks, the splash park, the playgrounds, the tennis courts and the hill and the park spots/creek stuff as well. It's a good place to spend a day as a family or with kids of all ages, and it holds a special place for Calgarians!
- The location, the paths, the ice rink in the winter, the splash pool
- It is free and it gives families a place to have fun together
- Water park but it should have a roof. It could be without walls so that can enjoy more events if its sooo sunny
- The fact that it is a place I can take my young child outside for swimming and water play
- A good place to be outdoors
- Hill. Spray Park
- It's a beautiful park where people of diverse backgrounds can come and relax and enjoy the splash pool or have a picnic
- Water park area
- The hill
- The playground and spray park
- The hill

- The wading pool and the spray park are a great way to cool off during the summer months, the park near by gives a good break when the kids are tired of the water. During the winter months the hill makes a great toboggan hill
- The big hill
- There is enough space for bikes, skateboards and pedestrians. I love the 2 playgrounds for my kids
- The shallow kids pool, the pathways, parks, the hill and picnic shelters
- I like the water park, the hill to watch fireworks on and to toboggan down in the winter. Most importantly, I like the memorial tree of my friend (Jennifer Luke) who died in 1998. I come visit every now and then, and I would be crushed if Jen's tree was removed during renovations
- Water park and the skating rink in the winter
- The water area
- The hill makes a real good work out
- I love the hill because it gives great view of the airport and the planes landing which is quite amusing for kids. The walking track is good for a quiet walk and the swings are fun for both kids and adults
- Water park is nice. Make it even nicer!
- Hill
- The big hill for sledding during the winter
- Its free and my kids love it!
- The trees and gardens, how clean and cared for it is, the upper park, pool. Pretty much everything about it.
- Hill
- I love the hill! Great view from there
- all the green space, the pool and park. This is a perfect place to spend a beautiful day by the pool so the little ones can cool off
- tennis courts
- the openness of the park. All the green space
- the hill, pool and the water
- keep the hill
- the hill is awesome
- I love the big hill and kids park on the far side of the park
- Prairie Winds is a wonderful park, and although I live to the north in Saddle Ridge, for many years I have come to use the facility. The open areas are wonderful, and offer the opportunity for a variety of play options for my children, even now for my grandchildren. The large playground at the south end is terrific. It is good idea to expand the wading pool to include a spray pond. I really believe it unfortunate if the open area to the west were to be reduced and/or replaces by additional buildings.
- I like how it has all sporting grounds available for the public to use
- An urban park for walking

- I like the hill it is so peacefully located. I like the swimming pool for kids, I like the swing and monkey bars, the slide too. Washroom very good complete and garbage bins are well maintained and collected
- The pool and park beside each other is fantastic
- The hill
- Wading pool
- The open space and family friendly environment with the pool and water park being open to everyone
- I love going down the giant hill during the winter. Sledding down is so much fun. Being able to skate for free during winter. I love also sitting on the hill and roll down it and taking walks around the park. Love going to it in all seasons. This is the park I went to as a kid and it will be a place I take my kids in the future as well. I love dipping my feet in the water to cool off during the hot days.
- The facilities: kids water park, playground, landscaping
- Hill, view, soccer field
- I like the river that flows through the park- favourite place to as a kid, unfortunately the last couple yearts it has become a ditch looking area with 2 foot tall weeds, I love the pool and the hill, great for winter tobogganing
- Beauty little park
- Location
- I like that they have so much space to run around and my kids really love it
- Like the park and tennis court
- Like the pool
- Tobogganing, ice skate when ice is available but frequently neglected
- It is a quaint little park near home. I can get there walking. I like the tennis court, specially the tennis wall to practice and exercise
- The wading pools and water park
- Wading pool and creek features as well as the “knoll” in the middle of the park. It acts as a look out site to allow users to view the surrounding neighbourhood. Kids like to roll down the knoll in summer and toboggan in winter. The park is a large all season park with a variety of sport activity and amenities for active and passive activities. It also has flexible space for informal activities
- The walkway (path) for walking and the little hill for hiking
- The many trees, calm atmosphere, and the hill overlooking the city skyline and airport
- Very nice park to go to in the winter months and the summer months as well.
- I love Priare Winds Park! It's a great plae for me to walk with my dog on the weekend mornings. My nieces and nephews love the wading pool, and tobogganing when they come for a visit. There's so much to fo there. It's a nice park and there have been some great improvements in recent years. We like: the trees and green space, the network of pathways, the bridges, benches looking to the west (over the c-train barns), hearing the frogs, the playgrounds, tennis courts, and ice rink, the picnic area with the lovely

- landscaping SW of the wading pool. The hill ample parking just enough still encourages people to walk there though
- the beautiful mosque opposite the park
  - the water feature for the kids
  - I really like all the benches and the shade from all the trees you have. U also like all the pathways you have for walking and biking and stuff. I really love the giant hill the park has
  - the present facilities. The kids area of the wading pool, the playground, and the big hill area all good. Also the walking trail is very good for health purposes
  - I like the versatility: it is truly a park for all ages and interests being well utilized both winter and summer
  - I like the playgrounds, green space, the hills, and mostly the wading pool and spray park!
  - It's a beautiful park that is close to home and provides many activities in the northeast quadrant. It is well designed and functional within the space
  - A large park with many different activity set ups
  - The openness of the park and friendly atmosphere
  - The creek, it is so peacefully and relaxing. A great place to have a picnic with the family
  - I like the trails because they are convenient for cardio exercises
  - Nothing really it's a boring park at the moment
  - Pool
  - Umm I guess the pool for the little kids

### **Improve or Change**

- More shade!
- I would make the wading pool bigger, maybe add a deeper pool for the bigger kids. The splash park more toddler friendly, a little beach area more picnic tables.
- I would change the swimming area to include a 25m outdoor pool. I would also like to see more trees and natural looking area within the park
- I haven't gone in a couple years as the floor of the pool was too slippery. It needs to be textured more. My toddlers slipped twice and banged his head on the concrete. I felt it wasn't safe for little one for that reason
- I think having a slightly separated (small kids/tot or under 5 yrs) section would be great. My two boys were having a great time, but a little apprehensive when the older kids came tearing through the area they were playing in.
- Update and modernize the waterpark support assets (change rooms, etc.) maybe more things to get community involved at the park-maybe a weekly farmers market,
- The cleanliness of the pool. I don't enjoy seeing the very young children in water-logged dirty diapers

- More dedicated staff to clean up. Possibly a bylaw officer to issue tickets for littering.
- More shade around Splash Park, fire pits or BBQs near picnic tables/shelters. Parks geared towards specific ages. Have a smaller park for the smaller kids and a bigger park for the bigger kids
- Cleaner facilities (i.e change rooms, washrooms) more a barrier around parking lot
- No bikes on the big hill
- More trees on the side hills where families tend to sit as well as a redesign of the fences around the water park to make it easier to go between parts of the park
- Better kids parks, put in an adults only exercise park
- Splash Park is failing apart. Perhaps more picnic tables and benches as they are always full
- Need to have at least one covered area slides so that kids can have fun in any season
- Food service back again, a better water park (up to date with the times), better ice rink in the winter
- Additional activities
- Improved playground
- We really need an outdoor pool for teens and adults, which most likely won't happen since the city considers it too expensive to maintain. It's a shame to have to go to an indoor pool when its nice outside! It would be nice to have community BBQs, concerts, movies, etc. in the park. Things to think about, I'd rather have teens swimming at the park instead of hanging out at C-train station.
- Add an ice rink and add a stage/seating area for outdoor concerts or cultural programs I would like to see an aviation observation deck built, facing west, on top of the hill overlooking the runways and airport.
- A deeper outdoor swimming pool, a wading pool for infants 0-2 years, a bigger parking lot
- put basketball open court that will be nice
- more accessible parking, at times people have to park as far away as the malls in order to go to the park if they are not in walking distance. This creates a danger to pedestrians in the parking lot of the park as new arrivals are attempting to find spots close to the park and water. Don't know how this can be resolved but if a change could be made this may be the only one
- I don't know I haven't been there in a long time
- Better pool/splash park and more supervision
- Add a lazy river and BBQ pits
- More lighting and benches for skating. Bigger skating area
- I think there should be a skate park within, as children who like to skateboard and bike have no where to go in the NE
- The water I say they make a new pool that's way deeper cause 10+ can't swim in there, the parks need a update too

- I think bigger and improved playground at the front would help, maybe by having different and interesting types of activities at the park would help
- Ice rink (winter) and ball hockey rink (summer), large park chess board with playing pieces, performance stage for cultural events, landscaping (more flowers and vegetation) and regular grooming, kids train, improve the water park, Diwali lights and Christmas lights, picnic areas, improved night time lighting and pathway lighting, basketball courts to suggest a few
- Make swimming pool deeper
- No dogs
- Keep the drug dealers away with more security. Every time I go there, which is 3-4 times a week, I have witnessed different drug transactions. Mostly in the parking lots and on the roads surrounding but also within the park, I would also like to see a concert stage and evening concerts.
- Should make a mini beach
- there should be a beautiful water fall with few fountains and décor, colourful lighting effects at night will give the great view
- with all the families with young children I do wish there were more baby swings in the park. While the spray park was open, the water pressure can be strong. It would be nice to have a portion of the spray park special for the younger kids that are still only crawling (a section off to one side so they don't get run over by bigger kids)
- on the left side space above soccer, why not a music/cultural bandstand (even amphitheatre) where music can be played. Park96 where I like has summer Sundays music and it is also rented by music like westwinds. It brings the community together to a meeting spot from the gadget focused life we have right now
- more lighting at night
- more walking paths. Clean up the landscape, I used to love this park as a kid but it seems to have become seedy and unwelcoming
- a better and deeper swimming pool and a lake
- a hockey rink, the only hockey rink north of McKnight blvd. is in Martindale, which isn't even maintained throughout the winter
- Make it similar to the Coral Springs beach house
- Create more area for picnic and BBQ
- I believe the tennis courts should change into a play car area for children under 12! Be creative and develop a battery operated play car or peddle car for use on a simple raceway or track. This would be a very popular activity, with better use of the space. The park has always been very clean and groomed, a real tribute to the city park workers! Winter or summer it is a wonderful place to relax and recreate
- I suggest a moveable stage for public events should be set up and I would love to see a small lake or that water river running all season. More sheltered areas for picnic and eating (often windy and dusty). Less mosquitoes. More park benches under the shade. More flower beds. Invited food trucks for certain summer weekends (food fairs for NE charities). A stage area for free

summer concert to promote cultural events, diversity and arts (e.g. free CPO concert) since the surrounding communities (lower income) do not have resources to go and attend concerts. More trees with coloured leaved or flowering trees. Areas with Japanese, Chinese, Spanish, East Indian, Arabian, English themes. A community vegetable and herb garden (to sell and money goes to NE charities).

- Kids said they like more big slides, monkey bars that are steady not swining, and swimming pool for mommy and daddy too. Badminton area too, the very best is fitness exercised equipments that are stationary at the side of kids playground so we will not be eaten by insects while looking waiting for our kids, just simple stuff instead of just sitting
- I would make a bigger area for people to sit and enjoy the park, it gets really packed.
- Get a bigger pool, basketball hoop, a lake, pool for adults, soccer nets, a 3<sup>rd</sup> playground, they are very busy.
- More seating areas such as benches and picnic tables would help to incorporate more families and save space. A section of the pool with a higher water level than the knees is much needed or a water park for older kids and adults. Possibly a separate area for washrooms and towel/locker area to wash off would be cleaner. The concession stand selling more items for food and snack would be a huge bonus.
- I believe by making the pool a lot bigger would be a winning thing. Also by making it a bit deeper for the older kids would be better as well. Also a bigger parking lot would bring more people in as well. Letting people have wedding ceremonies as well would be awesome. I wouldn't change a lot it has been a tradition to everyone who has been living and coming from every other areas of the city just to enjoy the weather and have fun. I feel like if you have the fence separating everything people will feel like they are not apart of the whole experience. This will create more room for the pool and more room for parents to watch their kids having fun.
- BBQs and more picnic site toddler's play area water for the creek/fountain more park benches
- The swimming pool is pretty useless and very childish, plus its never clean. Having a place where people can do workouts like an outdoor bar gym or jungle gym for adults or athletes. Majority of people that visit during early morning hours or as a daily routine go for the nice walk and the workouts using the fields and hills
- Better clean up the stream that flows through the park, better security, tend to feel like it's a popular place for drug deals
- Have a ball hockey rink made, then in the winter you can ice for ice hockey
- More benches, more shade trees, water fountain, skating area (winter), night time lights
- The problem w/ prairie winds park is that there is nothing for older kids like my oldest son is 15 and he thinks it would be great if they had some kind of skate park for skateboarders, bikes, scooters and roller blades to bring skate

bike and scooter communities together, please consider building a skate park there it would keep my 15 year old out of trouble

- Really needs a skate park because there are none around and it sucks to go all the way downtown when you could just ride your skateboard or bike to a place to hang with your friends and just have fun
- I would love to see a skate park for my son, please get on up
- More trees, shrubs
- Wee the creek and put water on it! Is lovely to be there and listen to the frogs, but that was years ago. It is not working and I would like for that to be working again. It is a nice accent in the landscape. More plants. Education regarding dumping trash. I am tired of walking around the park in the mornings and picking up bottles, cans and plastic containers. We area high percentage of immigrants in this area of town and we need more education on how to behave like Canadians. I came here to line in Canada, w/ Canadian standards. If I wanted to keep on living by the rules of my own country, the careless for the environment and others, then I could have stayed there. Put signage about the walls for usage. Many people cross while someone is playing , that is rude. More city workers that can fine, educate and keep the park looking as if the park were in the SW or NW!
- Redo playground to turn it into a natural adventure play area. Put in a skateboard park. Put a path or cut stairs into the hill to encourage free play on the hill in summer and tobaggining in the winter
- Add a small skateboard park, beach volleyball court, cricket court or lawn bowling to provide a more diverse sport activity. Add some benches along the pathway.
- Upgrade the tennis courts (update the courts and repaint the lines, etc.) plant even more tress, especially around the entrance of the park. Build a new entrance feature built out of rocks/stone, this will help creating an upscale and appealing entry. Add flower pots around the park, upgrade the playgrounds to new more modern versions- add stone features around the pathways for a more upscale feel- reseed the grass, re paint parking lot lines, plant more trees around the edges of the park, wide the pathways, pave bike lanes, create a bird sanctuary.
- More concerts! The hill side would make great seating. More rocks for my dog to climb on. I was sad to see the old rock at the corner replaced with the same sign all parks received last year, only to be ploughed through this past winter. I'm not sure how well the bird watching program that incorporated the QR codes has worked. Good idea, but execution was maybe not the best, especially given the community.
- We would like to see cricket here
- More picnic areas and better lighting and security to remove and or discourage the un-wanted from hanging around the park
- I think that Prairie Winds Park could improve by fixing up or maybe replace the old playground that is near the bottom of the giant hill. I think that the playground is getting old and the wooded boards are really distorted. The

playground structure is also getting rusty, so I think that it is a good time to replace the playground. Except I really like the lion structure that's at the playground, maybe if you could fix it up and not take it down would be greatly appreciated.

- You may need to set up exercise stations for people over 14 years of age. The open field on the NW corner should be converted into a playing field for various outdoor sports. It may be time to look at putting a couple beach volleyball courts that could be good for beach volleyball or foot volley or even beach soccer. The use of the tennis courts could be privatized so that an operator can charge for the upkeep of the courts and also teach courses to the various kids and adults in the area. The annual Canada Day BBQ does need lots of space that will need to be managed better
- Improve drainage at several points on the pathways in order to minimize ice build up in the winter. The creek was a beautiful feature which should either be rebuilt or taken out altogether as it is now a weed and mosquito bed.
- More picnic tables, shelters, sand boxes for children. A community centre would also be lovely. Public washrooms are only open in the summer, it would be nice we have a washroom year round. The water seems to have dried out from the little creek we have. I would love to see some water in there with some fish. Also, I have noticed people smoking close to children's playgrounds and in the wading pool area. Perhaps some sort of signage or enforcement in regards to that?
- Larger trees, and more shaded areas for younger children would be nice to have, along with more frequent cleanup of litter, repairs/repainting of play equipment would make it nicer looking and more attractive to visitors.
- Add a mountain bike riding/obstacle course similar to one found in Canmore
- When concerts or large cultural events are held in the park, requiring sound systems. Often the sound from those speakers are so loud I can hear them inside my house. This can be upsetting if the event runs all day or into the evening, not asking for a concrete sound barrier or anything. But notice to the immediate community and closer monitoring of the volume of the sound system would be nice. Also would be nice if those that host large events in the park make better effort to clean up after themselves and are held responsible for damage to trees, etc. inside the park as a result of participants attending the events
- Maybe have the creek actually running instead of collecting standing pockets of rain water for the mosquitos to breed
- I really recommend basketball courts/nets being installed. Possibly next to the tennis courts (where the practice walls are). Prairie winds has almost every outdoor sport except for basketball.
- Make a deep end pool for teenagers and a shallow end for youth and put slides or something everyone have fun with
- Make a deeper pool & ball court
- It needs a basketball court and more than one!!

## Social Media

### **Like Most**

- Keep the giant hill lol it's awesome! Love that thing in the wintertime
- Keep the hill and put the old sign back in
- I loved this place as a kid! Spent a lot of time here during the summer & winter! Glad to see it's still around
- I like to walk or run on the paved paths for exercise; however water drainage in the park is poor. After a rainfall, there are sections of the path that hold large pools of water and saturate the adjacent grassy areas as well. In the spring time these sections can be virtually impassable due to all the water and in the winter these sections ice over, making them safety hazard for anyone using the paths

### **Change or Improve**

- 100 ice rinks
- the big blue sign is cheesy, surely a better design could have been chosen, something that fits the feel of the park and NATURE
- perhaps you could spend the money in the south end of the city, there is nothing like Prairie Winds at that end. No massive pool for families to go to free of charge
- would love to see it finished this year
- BATHROOMS..on each side. That is a MUST...one by the park!!! Also would hire another person to help the treat stand.. we were standing in line for 20 mins for ice cream & only 3 ppl in front of us
- Please do something about the dilapidated tennis courts in the PRaire Winds Park. Shouldn't have to go whiter parts of city to play.
