 - ❖ Both landline (70%) and cell phone (30%) sample were used.
 - ❖ The average interview length was 30 minutes.
- ◆ Final data were weighted to ensure the overall sample's quadrant, ward and age/gender composition reflects that of the actual Calgary population aged 18 or older according to 2011 Federal Census data.
- ◆ The margin of error (MOE) for the total sample of 2,452 is ± 2.0 percentage points, 19 times out of 20.
 - ❖ A total of 170 interviews were conducted with residents of Ward 2 (MOE ± 7.6).

Summary of Key Findings

Summary of Key Findings

Perceptions about the quality of life remain high and on par with City wide results across all measures. However, positive views among Ward 2 residents have decreased in several areas.

- ◆ More than eight-in-ten (85%) Ward 2 residents rate the quality of life in Calgary as good. While this is comparable to the City wide result (86%), there has been a significant 9 percentage point decrease since 2014 (94%) among Ward 2 residents.
- ◆ The proportion of Ward 2 residents who say that the quality of life has worsened over the past three years is up 14 percentage points from 16% in 2014 to 30% in 2015; a corresponding drop is seen in the proportion who say it has improved (from 40% in 2014 to 26% in 2015).
- ◆ While nine-in-ten residents of Ward 2 (88%) agree with the statement 'I am proud to be a Calgarian,' this represents a significant decrease from 2014 (95%).
- ◆ Further, agreement that 'Calgary is a great place to make a living' has decreased significantly from 88% in 2014 to 75% in 2015.

Consistent with City Wide results, "*infrastructure, traffic and roads*" is in the top position on the 2015 issue agenda.

- ◆ One-third (33%) of Ward 2 residents, on par with City wide results (36%) say "*infrastructure, traffic and roads*" is the top issue. As with City wide results, however, this marks a significant decrease of 22 percentage points over 2014 (55%).
 - ❖ This decrease is due primarily to a drop in the number of mentions of "*traffic congestion*" (8%, down from 20% in 2014) and "*snow removal*" (3%, down from 16% in 2014).
- ◆ As with City wide, "*transit*" (25%) continues to hold second place.

Summary of Key Findings

Ward 2 residents' assessment of City programs and services are generally consistent with the broader Calgary public. There are, however, a few noteworthy differences as well as changes from 2014.

- ◆ Bike lanes on streets sees significant changes from 2014 on all measures.
 - ❖ Importance ratings are down significantly from 2014 – 63% versus 47% overall, and 29% versus 18% *very* important.
 - ❖ Satisfaction sees a significant 15 point decrease from 73% in 2014 to 58% in 2015.
 - ❖ Invest *more* ratings are down from 28% in 2014 to 14% in 2015.
- ◆ Calgary Fire Department – Though still high, *very* satisfied ratings are down significantly from 89% in 2014 to 79% in 2015.
- ◆ City operated recreation facilities – Overall satisfaction is significantly lower than City wide (88% vs. 93%), however, *very* satisfied ratings are up 13 percentage points from 2014 (25% 2014 vs. 38% 2015). Further, recreation facilities emerge as a primary strength in the importance versus satisfaction analysis.
- ◆ City operated recreation programs – *Very* satisfied ratings are up 11 percentage points from 2014 (34% in 2014 vs. 45% in 2015), while invest *more* ratings are down from 39% in 2014 to 24% in 2015.
- ◆ Bylaw services – Overall satisfaction is significantly lower than City wide (80% vs. 87%) and down 10 percentage points from 2014 (90%).
- ◆ Traffic flow management – Overall satisfaction sees a significant 12 percentage point increase from 2014 (56% 2014 vs. 68% 2015), and invest *more* ratings are down from 72% in 2014 to 56% in 2015.

Summary of Key Findings

While the perceived value of property tax dollars is on par with City wide, Ward 2 residents differ from the broader Calgary public with regard to taxation.

- ◆ When asked to choose between increasing taxes to expand or maintain service levels or cut services to maintain or reduce taxes, more than four-in-ten (44%) Ward 2 residents opt for cutting services – significantly higher than 36% City wide.
 - ❖ Further, among Ward 2 residents, this represents a 17 percentage point increase from 2014 (27% cut services).
 - ❖ Conversely, half (50%) of Ward 2 residents would opt for increasing taxes, significantly lower than City Wide (59%) and down 15 percentage points from 2014 (65%).
- ◆ Given three options for increasing City revenue, significantly fewer Ward 2 residents say they would prefer The City to ‘introduce new types of service fees’ (24% vs. 35% City wide).
 - ❖ The percentage of Ward 2 residents that would prefer The City to ‘expand existing user fees’ and ‘increase property taxes’ is statistically consistent with City wide results.

While contact with The City in the past 12 months is consistent between Ward 2 residents and the broader Calgary public, residents of Ward 2 report higher levels of satisfaction.

- ◆ Among Ward 2 residents who have contacted or dealt with The City in the past 12 months, satisfaction with the overall level and quality of customer service is significantly higher than City wide (90% vs. 80%).
- ◆ It is notable that contact by visiting a City office or facility (4%) is significantly lower than City wide (11%) and down from 15% in 2014.

There are no noteworthy differences between Ward 2 residents and the broader Calgary public with regard to Environmental Performance or City Communications.
