Guy E. Lodge

| | |
|------------------|--|
| Name | Guy Lodge |
| Position | International Event Consultant |
| Experience | <p>Guy has 30 years experience in the major events industry. His role has been the lead on venue infrastructure delivery at many major international sports events; including: the 2010 Vancouver Winter and the 2012 London Summer Olympic and Paralympic Games. Guy has extensive experience delivering the overlay strategy, power and broadcast planning for international sporting events. He has also worked with the Host Broadcasters of these events where his primary responsibility was to ensure all Host Broadcast and Rightsholder broadcast facilities were built and tested to meet the requirements for optimal broadcast coverage of the Games. Guy has worked closely with the Olympic Development Agency to manage the interface between legacy and event requirements and to ensure a smooth transition into and out of the event phase; specifically for the 2012 London Olympics and Paralympics. Guy has had the opportunity to work with venue designers, local power authorities, local governments and organizing committees to find creative solutions to tournament needs that maximize both the Event and Legacy objectives. He is also well versed in Security integration and incorporation of Law Enforcement needs in the overlay and venue planning.</p> <p>As a result of Guy's experience in major events, he has acquired strong credibility with International Federations and Broadcasters. He is experienced in developing comprehensive "tournament" briefs that will meet FIFA and Operational teams needs and support the Legacy design process.</p> |
| Sector Expertise | <ul style="list-style-type: none"> • Senior Infrastructure Consultant: Rio 2016 Games - Guy was responsible for advising Rio 2016 Executive on all aspects of Infrastructure Design and Delivery. He also acted as Primary Liaison to the IOC Infrastructure Technical Team and OBS. • IOC Technical Delegate: Sochi 2014 Games – Guy was responsible for advising the IOC as well as Sochi 2016 Executive on all aspects of Infrastructure Design and Delivery. • Head of Overlay, Power and Broadcast Integration: London 2012 Games – Guy was responsible for the overall leadership and delivery of all temporary infrastructure required to support the hosting of the London 2012 Olympic and Paralympic Games. • Vice President of Venue Infrastructure: 2010 Olympic Winter Games (2004-2010). Guy was in charge of the overlay, power, broadcast integration, look and security integration. In this role, he served as a member of the Operations Executive team. • Vice President of Venue Infrastructure and Power: 2003 Santo Domingo Pan American Games (2002-2003). Guy was responsible to deliver operations support consultancy and all aspects of temporary infrastructure and Broadcast facilities. • Director of Overlay, Power and Broadcast Integration: 2002 Manchester Commonwealth Games (2000-2002). Guy lead all aspects of venue infrastructure delivery. • Senior Vice President of Venue Infrastructure: 1999 Winnipeg Pan American Games (1996-1999). Guy was responsible for the delivery of temporary and permanent venue projects and operations support. • Director of Look Construction: 1996 Atlanta Summer Olympics (1994-1996). Guy was responsible for the design, procurement, installation and maintenance of all look elements for the 1996 Olympics. He also oversaw special projects for Overlay and the Torch Relay. • Vice President of Overlay: 1994 Victoria Commonwealth Games (1992-1994). Guy led the construction of the 38,000 seat temporary stadium for Athletics as well as overlay and power delivery for all venues to support the Operations of the Games. |

Joel Roy

| | |
|-------------------------|--|
| Name | Joel Roy |
| Position | Principal |
| Qualifications | Red River College – Winnipeg, Manitoba September 1989 Structural design and engineering |
| Experience | Senior advisor, consultant and team leader with over 25 years experience, specializing in large-scale sporting events, capital construction development, integration and delivery. Chip Schug

| | |
|-------------------------|---|
| Name | Chip Schug |
| Position | Transportation Analyst |
| Qualifications | Bachelor of Science in Journalism, English and History 1994 Ball State University – Muncie, Indiana |
| Experience | Internationally acclaimed and widely recognized leader in transport and fleet project management for the world's largest sporting mega-events. Masterful orchestrator of complex business functions pertaining to the delivery of cost-effective and streamlined transport operations, with consistent success developing complete transport plans, defining and managing budgets, forging conducive relationships with governmental stakeholders, and driving forward the momentum of projects to timely completion. Recognized for creating collaborative and team-driven roadmaps toward mutually satisfactory project plan development and execution. Able to draw upon a vast network of high-level industry contacts to ensure the strategic acquisition of vital resources, while diligently managing the needs of international regulators, respected clients, and multidisciplinary tradespeople. Determined to offer a unique and powerful 20+ year portfolio of experience toward an organization in need of executive-level leadership. |
| Sector expertise | <p>Senior Director, Transport Planning & Operations Toronto 2015 Pan Am & Parapan Am Games</p> <ul style="list-style-type: none"> Delivered the full scope of transport operations for a multi-city event in an executive-level director role. Elevated to Senior Director upon assuming more planning and financial responsibility within the organization. Ensured provision of reliable and consistent transportation for athletes, media and technical officials working with multiple municipalities to define route network for seamless travel, while identifying inconveniences and transportation challenges. Conceived and implemented the HOV/Olympic lane policy, with the Ministry Transport Ontario (MTO), to meet the needs of Games Stakeholders. Coordinated the provision of an Olympic-level service running solely on \$44.5MM of provincial government funding through a "lean and mean" organizational framework, drawing upon recruited professionals to handle multiple elements of business streams simultaneously. <p>Director, Fleet Operations 2010 Vancouver Olympic Games</p> <ul style="list-style-type: none"> Managed a budget of \$79.7MM CAD toward the timely and cost effective delivery of transport systems for this mega- event, orchestrating the creation, approval and delivery of a comprehensive project plan. Formulated and issued a complete transport RFP for a contract valued at \$60MM+, representing 1,100+ buses. Oversaw direct reports in both fleet and bus operations, providing project scope oversight while managing adherence to contract terms. Served in a group created by Vancouver Olympic Committee (VANOC) to oversee implementation of area business plans and budgets. Successfully orchestrated the seamless provision of bus and fleet operations planning within timeline, quality, budget, and other contract constraints. <p>Advisor, Transport Planning & Operations International Olympic Committee</p> <ul style="list-style-type: none"> Provide valuable advice in the areas of Transport planning and operations to OCOGs, generating an awareness of the full scope of challenges and responsibilities to be faced in the upcoming mega-event. Forge bonds of trust with involved parties, while providing 360-degree knowledge of Olympic transport requirements. Offer a sense of empathy to organizing committee gained from wide-encompassing experience. Delivered an Olympic Games Knowledge Management (OGKM) workshop to provide an engaging and informative learning session outlining key details on immersive and effective delivery of key business streams. Issue a report to IOC, providing fulsome disclosure on areas of ideal and challenged progress throughout planning phase, while performing a review of operational readiness. Contributing author to the IOC Games Guide on Transport. <p>Advisor, Transport Planning & Operations PyeongChang Organizing Committee for the 2018 Olympic Games (POCOG)</p> <ul style="list-style-type: none"> Provide POCOG with guidance and 'hands-on' attitude on the design of Games Transport Systems, development of Transport facilities and hubs, venue transport operations and service level creation Supporting POCOG contract negotiation, vehicle acquisition, stakeholder communication, policies & procedures, budget, staffing plan reviews, and transport operation manuals, plans and presentations. |

Amber Walbeck

| | |
|-------------------------|--|
| Name | Amber Walbeck |
| Position | Competition and Non-Competition Venues Overlay Consultant |
| Qualifications | Masters Candidate, Crisis and Emergency Management, UNLV 2017 Bachelors Design, Utah State University 1994 Professional License, NCIDQ Certificate No. 018198 |
| Experience | Along with an experienced background in design, Amber has been the program and organizational leader for Games Overlay, Look of the Games, and Wayfinding and Signage programs at several Olympic Games and large scale sport events. Amber's extensive background in making large and complicated events come to life, has given her the expertise necessary to manage complex projects ranging from an Olympic Summer Games to a World Cup Championship. Regardless of the scale, Amber is able to right size event scope, programs, and standards to ensure best practice and appropriate service levels are achieved for an on time, on budget delivery. |
| Sector expertise | <ul style="list-style-type: none"> • Infinite Scale Design Group + Consultant Work, Salt Lake City, Utah, USA (2016 - Current). Working on various projects for Infinite Scale Design Group and other Games organizing committees. • Consultant + Head of Games Overlay: Rio Organizing Committee for the 2016 Summer Olympic and Paralympic Games, Rio de Janeiro, Brasil (2013 - 2016). Amber directed the development of the overall masterplan, design, and operations for all overlay infrastructure, venue design, operational planning, and production for 18 venues; inclusive of competition, training, support facilities, and accommodations. Worked closely with 35+ functional area to develop design standards and scope. In addition, led team to review scope, budgets and timelines for Wayfinding and Signage, along with Look of the Games to enhance ability to deliver. • Director, Games Overlay: Toronto Organizing Committee for the 2015 Pan American and Parapan American Games, Toronto, Canada (2012-2013). Amber developed and managed the Overlay masterplan, design schedule, design standards and operations for 35 venues; inclusive of competition, training, and Athlete Village. Established the scope development process between all games time functional area to ensure design requirements were captured and created games time policies and procedures, budgets, and delivery schedules. • Lead Project Manager, Olympic Stadium and Various Park Compounds: London Organizing Committee for the 2012 Summer Olympic and Paralympic Games, London, UK (2011-2012). Amber worked closely with the venue team to finalize design and planning requirements for the Olympic Stadium and various Olympic Park compounds. Managed the design and construction of multiple capitol works projects, along with the design and installation of temporary overlay infrastructure. • Head of Venues Overlay Delivery: AFC Asian Cup Qatar 2011, Doha, Qatar (2010-2011). • Senior Overlay Manager, Figure Skating and Short Track Speed Skating: Vancouver Organizing Committee for the 2010 Winter Olympic and Paralympic Games, Vancouver, Canada (2006-2010). • Overlay Manager (Contractor): All Venues + Site Manager Men's Hockey, Salt Lake City, Utah, USA (2000 – 2002). • Senior Associate Design + Interiors, MHTN Architects, Salt Lake City, Utah, USA (1995-2006). |

Terry P. Wright

| | |
|-------------------------|---|
| Name | Terry Wright, FCA |
| Position | Major Projects - Senior Adviser |
| Qualifications | Honors Bachelor of Commerce, 1979, Queens University, Kingston, Ontario Chartered Accountant, 1981, Fellow of the Institute, 2010 |
| Experience | A senior executive with a record of success over a wide variety of national and international events, including more than 15 national and international events such as the Olympic, Commonwealth and Pan American Games, Goodwill Games, two World Expositions as well as a number of high profile domestic projects. Terry has spent the last three decades in significant planning and organizing roles for some of the world's most prestigious athletic competitions and, as such, has a unique insider's view of the triumphs and difficulties associated with the planning and delivery of successful major projects. |
| Sector expertise | <ul style="list-style-type: none"> • President, IPS Consulting Limited, Victoria, Canada (1994-2016). Under Terry's direction, IPS provides expertise and leadership to major events, governments and corporations, with a focus on providing strategic advice on organizational concepts, coordination agreements with Government partners and strategic engagement as well as challenge resolution and negotiation. Recent clients since 2010 include Budapest 2024 Olympic Bid, Istanbul 2020 Olympic Bid, Sochi 2014 Olympic Games, Rio 2016 Olympic Games, Toronto 2015 Pan American Games, Calgary Sport Tourism Authority, KPMG Global Infrastructure Practice, Kinder Morgan Canada, Tennis Canada and the Krakow 2022 Olympic Bid, with a focus on Strategy, Event planning, legacy development, engagement and negotiation support. • Executive Vice President: Games Operations for the Vancouver 2010 Olympic & Paralympic Winter Games (2003-2010). Terry's role included strategic planning as well as oversight of all key decisions regarding Games operations and services outside of the sporting activities and marketing/communications. His specific areas of responsibility included media and athlete villages, broadcast integration, logistics, transportation, security, event services, accommodation and food services and all facets of venue infrastructure as well as oversight of community engagement on all Olympic delivery plans. • Vice President- Bid Development: Vancouver 2010 Olympic Winter Games (1997- 2003). Terry led the development of the concept for hosting the Games in British Columbia, including the venues plan, and the conceptual plans for Transport, Accommodation, Villages, Culture and Ceremonies. Responsible for negotiating agreements for venue development, government funding, hotel accommodation commitments and the two Olympic Village projects, as well as the multiparty agreement which established the overall governance structure for the Organizing Committee. Responsible for oversight of the public outreach and engagement process on all aspects of the bid's operations. • Co – Chief Operations Officer: 1999 Pan American Games. Terry co-lead the Pan Am Games operations team, along with responsibility for the sponsorship and broadcasting functions, developing a strategy to deliver eleven major sponsors and 140 hours of Canadian TV. • Chief Financial Officer: XV Commonwealth Games (1988-1994). Terry led the business restructuring over a two year period to eliminate a forecasted deficit of \$100 million through initiating scope reductions, better operating practices and more effective sponsorship programs. Resulted in the first ever operating surplus for a Commonwealth Games. • Director, Operations Control, Expo'86 Corporation (1983-1987) |
